**Amendment and Claims Listing**

Please amend the claims as follows:

Claim 1 (currently amended) 1. A computer program product located to one or more storage media devices usable to perform integration of mixed format data, said computer program product comprising instructions executable by a computer to perform the functions of:

accessing a database of data records, at least some of the data records containing both structured data and unstructured data, the structured data comprising a set of data tuples; the unstructured data of a particular data record including free text related to the structured data of that data record;

~~accessing a source of unstructured data, the unstructured data including free text  
relatable to the data tuples of the structured data;~~

~~extracting relationships from the free text;~~
